USDA/1890 National Scholars Program

2016 HIGH SCHOOL APPLICATION

National Scholars Program

INTRODUCTION

Thank you for your interest in the U.S. Department of Agriculture's 1890 National Scholars Program. The USDA/1890 National Scholars Program was established in 1992 as part of the partnership between the U.S. Department of Agriculture and the 1890 Historically Black Land-Grant Universities.

The goal of the USDA/1890 National Scholars Program is to increase the number of minorities studying agriculture, food, natural resource sciences, and other related disciplines. The program is available to high school students and rising college sophomores and juniors, who exhibit leadership and community service, and desire to attend an 1890 Historically Black Land-Grant University. Each year, hundreds of students apply for the program, which provides full tuition, employment, employee benefits, fees, books, and room and board each year for up to 4 years to selected students pursuing a bachelor's degree at an 1890 Historically Black Land-Grant University.

The USDA/1890 National Scholars Program is implemented under the USDA Fellows Experience Program (FEP). Scholars accepted into the program will be appointed using the Schedule A(r) authority (5 CFR 213.3202) and are not eligible for noncompetitive conversion to full time employment upon graduation. However, all USDA/1890 National Scholars are required to compete for appropriate employment immediately after graduation and, if selected, commit to at least one year of service to USDA for each year of financial assistance provided.¹

The USDA/1890 National Scholar is required to:

- ✓ Compete for appropriate employment immediately after graduation and, if selected, commit to at least one year of service to USDA for each year of financial assistance provided.²
- ✓ Reimburse the USDA Sponsoring Agency for costs of education (excluding the employee's pay and allowances) incurred by the USDA Sponsoring Agency if the Scholar is voluntarily separated from the service of the USDA Sponsoring Agency before the end of the period for which the Scholar has agreed to continue in the service of USDA.
- ✓ Consult with and obtain the approval of the Sponsoring Agency prior to making any changes to his or her academic program. Unapproved changes will affect the Scholar's continued participation in the program.

Again, thank you for your interest in the USDA/1890 National Scholars Program and best wishes in your pursuit of academic excellence!

¹ Specific details of this "service requirement" will be outlined in the agreement entered into by the selected Scholar, the University at which Scholar is matriculated, and USDA. Also, the "service requirement" is subject to change.
